Stop to see the Housesitters Guide. An updated revised edition is on top of the front desk. The work was done by Gert Endthoff and Lois Schreiter.

We are all saddened by the death of George Hook, Oct. 10. George was a young 76 years. It would take many, many pages to tell of all the things George did for the Society. He will be greatly missed. Our sympathy to his wife, Laura and their family.

Carmen Hertz died this week also. In earlier years Carmen spent much time helping out at Society events. Our sympathy to her family.

Our sympathy to the family of Caddith Allen who died recently. He painted the ceilings in our Historical Society Museum.

Our sympathy to Lynn Rankin, whose brother, Claude and sisters in law, Dorthy and Marian have died recently.

HISTORIC MILWAUKEE TOUR GUIDE CLASSES TO START IN FEBRUARY

Applications for its 1989 tour guide classes are now being accepted by Historic Milwaukee Inc. as part of the organization's sixth biannual ArchiTour guide training program. The classes will prepare participants to conduct architectural/historical tours of several areas in the city of Milwaukee or to volunteer with other aspects of the organization.

Those accepted for guide training will be expected to attend the training sessions scheduled and then conduct about five tours between May and October. Tours are given weekdays, evenings and weekends. For the first time this year the course will be offered to applicants who would rather volunteer at the committee level (research, marketing, newsletter, preservation, etc.). The \$50 fee for guides and volunteers includes the cost of textbooks and other materials. Financial assistance is available. In addition the course is available to those who are interested in learning about Milwaukee's architecture and history but do not wish to volunteer. The tuition for non-volunteers is \$100.

Topics for the course, taught by professionals, include American architectural styles with an emphasis on Milwaukee styles, history of Milwaukee, and historic preservation. Training will include a bus tour of Milwaukee's three original settlements and an architectural walking tour of downtown Racine.

The classes will be held on nine Saturday mornings between February 11 and May 6. Those who would like to be considered for this docent training program or would like more information can obtain an application by writing ArchiTours Guide Training, 1833 N. Hi Mount Blvd., Milwaukee, WI 53208 or by calling 277-7795. Because the size of the class is limited, applications received before January 30, 1989 will be given priority.

Historic Milwaukee, Inc. is a volunteer, non-profit educational organization which seeks to create public awareness and support for the preservation of Milwaukee's historical and architectural heritage. Members share their interest through specialized lectures and tours and an informative newsletter. The award winning organization sponsors guided tours for the public, highlighting areas of significance in the history of the growth and development of the city such as Walker's Point, Juneautown, and Yankee Hill. In addition it presents an annual one day Spaces and Traces Tour emphasizing historic homes and public places, renovations, restorations, and new architecture in a specific area of the city.
