From the President:
Signs of Spring

The first brave little crocus blooms of the year don't tell us that Spring is actually here and they don't do much to add color to the yard, yet they are very welcome. They confirm that we have managed to get through another winter.

Spring would not be complete without housekeeping and that is what we did at the museum on Saturday, March 31st. Addie Becker, Don Bulley, Joyce (JB) Bulley, Betty Chovanec, Eunice Hahn, Jewell Heise, Dolores Kowalski, Barb Mueller and Cecelia Pomahac turned out to give the museum a good cleaning. Unfortunately, Gertrude Endthoff could not be with us, she was at St. Luke's South Shore Hospital for a short stay because of a mishap. She was missed. We wish her well.

Another sure sign of spring is our Spring Pot Luck dinner, which is coming up on Monday, May 5th at the First Congregational Church. Our special guest will be "Abe Lincoln", telling about his life and times. (Doubt me not, after all we are a historical society). This is one you won't want to miss. Doors open at 4:30 PM, dinner at 5:30PM.

Bring a dish to pass and join us for a great evening.

This would be a great year to visit the museum. Bring the kids and grandchildren. It says a lot about who we are and how we got here.

Don Bulley, President

We extend our sympathy to Arlene Barsamian's family. Arlene always sold trolley tickets for Heritage Days and was a very active helping member of the society.

The Wings of Man

by Jean Warren

Now I know the reason why
Man has always yearned to fly.

Man was born with wings you see
The wings of man—grow inwardly.

His body cannot on its own
Fly right off to parts unknown,

Yet man can travel anywhere
His mind can think of—
dream or dare

The wings of man, they set him free
To fly beyond what man can see.

The wings of man, his mind they lift
The wings of man, his special gift!

Celebrating 100 years of flight by the two inventive Wright brothers who sold and repaired bicycles in Dayton, Ohio, but traveled to the winds off Kitty Hawk, N.C. to test their flying maching. 1904 -2004. Thank you!
